## Leader's Corner

Do you remember when you received your first letter from LNI? It most likely started with "you have been nominated by" or "you have been identified as a great candidate". Either letter conveyed that you were seen as a key leader in our region. Someone took the time to submit your name so that you would be reminded of your importance to the future of our region. You can do that for someone else! By nominating a person for LNI you are telling him or her that you value their leadership and see great potential for their role in our region. Don't put it off!! [Nominate](#) someone today!

We are always looking for news and events that fit the needs of our LNI alumni. Submit yours to the [news@leadershipNWI.org](mailto:news@leadershipNWI.org) or call us at 219-531-0156.
